ADMINISTRATION AND MANAGEMENT OF THE COMPANY

The Alternative Investment Fund Manager (AIFM)

FCIB, a wholly-owned subsidiary of F&C Asset Management PLC (FCAM), is the Company's AIFM. FCIB is a Scottish incorporated company. The directors of the AIFM are David Sloper, David Logan, Richard Watts, Benjamin Apfel, Nigel Parry, Tina Watts, Marrack Tonkin, Mandy Mannix and FCAM.

FCAM, the parent company of the AIFM, is incorporated in the United Kingdom. The directors of FCAM are Gilles Ouellette, Barry Cooper, William (Bill) Smith, Richard Wilson, Charlie Porter, David Logan, Ruth Sack, Kieran Poynter and Jack Mohammed. FCAM has its offices at 80 George Street, Edinburgh EH2 3BU, Scotland.

FCAM is owned 100% by Bank of Montreal through its wholly owned subsidiary, BMO Global Asset Management (Europe) Limited. BMO Global Asset Management is part of BMO Financial Group, a highly diversified financial services provider based in North America.

The Company has entered into a management agreement with FCIB appointing it to act as AIFM to the Company in accordance with the requirements of the AIFM Directive, which includes the provision of discretionary investment management services and risk oversight and management services in relation to the Company's investment portfolio.

In addition to its duties as AIFM, FCIB also provides company secretarial, accounting, marketing and administrative services to the Company, as set out in detail in the Annual Report and Accounts at www.europeanassets.eu.

FCIB's remuneration is based on a quarterly fee of 0.2% of the value of total assets less current liabilities (excluding borrowings from current liabilities).

The management agreement continues unless or until terminated (i) by FCIB giving to the Company not less than twelve months' notice in writing or (ii) by the Company giving to FCIB not less than six months' notice in writing, or unless terminated with immediate effect by one of the parties as a result of cause of the other party.

Remuneration policy

The AIFM Remuneration Code of the UK Financial Conduct Authority requires F&C Investment Business Limited as the designated AIFM for European Assets Trust NV to maintain a remuneration policy for AIFM Remuneration Code Staff ('AIFM Code Staff'). The policy's purpose is to promote sound and effective risk management. The policy must be consistent with European Asset Trust's risk profile, governing terms and investment strategy. AIFM Code Staff are treated as those persons whose professional activities have a material impact on the risk profiles of the AIFMs or the investment funds it manages.

The Board of the AIF Manager delegates to the BMO Global Asset Management (EMEA) Group Risk and Remuneration Committee (the 'Committee') the responsibility of maintaining a compliant remuneration policy. The Committee approves on an annual basis the BMO Global Asset Management (EMEA) Group Remuneration Policy (the 'Policy').

The Policy defines how the AIFM will achieve the objective of providing total compensation to AIFM Code Staff, taking into account:

- business unit/function, individual performance and market rates
- the promotion of sound and effective risk management and the achievement of fair outcomes for all customers.

The Policy deals with how the 'Pay-Out Process Rules' in the AIFM Remuneration Code apply to variable remuneration (which may be cash bonus and/or long-term award pools). The Pay-Out Process Rules require certain levels of variable remuneration to be paid in the shares of the relevant investment fund and for certain amounts to be deferred. The Committee determines annually how the Pay-Out Process Rules apply at a firm and at an AIFM Code Staff level.

The Policy also includes requirements that an employee's unvested variable remuneration may be reduced at the discretion of the Committee in certain circumstances, for example, reasonable evidence of employee misconduct, or material failure in risk management.

Employee remuneration disclosure

The total remuneration paid by F&C Investment Business Limited to its staff is zero, as all AIF Manager staff are employed by other companies in the same group of companies as the AIF Manager.

The table below provides an overview of aggregate total remuneration paid to AIF Manager Code Staff.

	Headcount	Total Remuneration £m
F&C Investment Business Limited Remuneration Code Staff	23	2.432
of which:		
Senior Management	11	0.501
Other Code Staff	12	1.931

Notes:

Total remuneration reported is the sum of salary, cash bonus, any deferred annual bonus, the face value of any long term incentive awards, plus the value (actual or estimated) of any pension or benefits in kind, awarded in respect of performance in the reportable financial year.

The table excludes individuals who are providing delegated services to the AIF Manager.

It is not possible to apportion remuneration based on time spent by individual Code Staff on the work of a specific AIF. Total Remuneration is therefore provided in aggregate on an AIF Manager basis.

The depositary agreement in place with KAS Trust continues unless and until terminated by the Company or KAS Trust giving not less than six months' notice

The Company's shares are quoted on NYSE Euronext Amsterdam (Reuterscode: EURT.AS) and London Stock Exchange (Reuterscode EAT.L). Trading primarily takes place on the London Stock Exchange.

The Company entered into a Liquidity Enhancement Agreement with F&C Asset Management Plc in November 2005. The purpose of this agreement is to enhance the liquidity in the trading of the Company's shares on the London Stock Exchange. The agreement is for a continuous period. F&C Asset Management Plc has sole discretion, in the name of the Company, to implement share buy backs or sales assuming the parameters and requirements laid down by the Board in the agreement are met. In summary, where there are shareholders wishing to sell and the average share price discount to net asset value measured over a rolling 5 business day period is 5 per cent or more, subject to other relevant requirements, shares may be bought back based upon the share price equivalent to a discount of 5 per cent to the net asset value, adjusted for portfolio realisation costs depending upon market circumstances. The maximum number of shares that can be bought back in any three month period is 10 per cent of issued share capital. The price at which shares are sold from treasury is subject to limitations on asset dilution. The absolute level of dilution through the sale of treasury shares is restricted to 0.5 per cent of net asset value in any one year, and treasury shares which are sold at a discount to net asset value will only be sold where the discount at which the shares are to be sold is lower than the average discount at which the shares have been acquired by the Company measured over preceding

Jurisdiction, applicable law and recognition of judgments regarding the legal implications of the relationship between the shareholders and the Company

In principle the Dutch courts have international jurisdiction for claims arising out of the relationship between a shareholder and the Company. The relationship between a shareholder and the Company is, according to Dutch private international law, in principle governed by Dutch law. The terms on which the transfer of or creation of a right in a share in the Company can be enforced, is, according to Dutch private international law, governed by the law of the state in whose territory the account in which the shares are administered is maintained.

Judgments against the Company rendered by courts outside the Netherlands can be recognised and enforced in the Netherlands. The exact requirements for recognition and enforcement depend on the country of the court that rendered the judgment. The main legal instrument on the recognition and enforcement of judgments from courts of European Union member states (excluding Denmark) is Council regulation (EC) No 44/2001 of 22 December 2000 on jurisdiction and the recognition and enforcement of judgements in civil and commercial matters (OJ 2001, L 012, 1). Other international instruments or Dutch national law apply to the recognition and enforcement of judgments from states outside the European Union.

Fees and expenses

The fees and expenses which will be borne by the Company and investors are limited as set out above, but there is no formal cap on their level.

Accordingly, the maximum amount of fees and expenses which could theoretically be indirectly borne by the investors is equal to the value of their investment in the Company, including, in relation to indemnities, any distributions made to them by the Company.

Fair treatment of investors

The legal and regulatory regime to which the Company and the Directors are subject ensures the fair treatment of investors. The FCA Listing Rules require that the Company treats all shareholders of the same class of shares equally. The Dutch Financial Markets Supervision Act (*Wet op het financieel toezicht*, 'Wft') and the Dutch Civil Code furthermore requires that the AIFM treats all shareholders equally whose circumstances are equal in the same manner.

In particular, each Director has statutory duties under the Dutch Civil Code with which they must comply, including that the Directors in the performance of their duties shall be guided by the best interests of the Company and the undertaking connected with it, which means that the Directors must take the interest of all those involved into account, which includes the interests of the shareholders.

No investor has a right to obtain preferential treatment in relation to their investment in the Company and the Company does not give preferential treatment to any investors. Furthermore, the AIFM does not give preferential treatment to any investors who open savings plan accounts for the purpose of investing in the shares of the Company and it is obliged under the rules of the FCA to ensure that all investors in the savings plans are treated fairly. Oversight of its compliance with the aforementioned rules and the achievement of fair outcomes for investors is

undertaken by the F&C Group Treating Customers Fairly Committee and through the operation of an embedded complaints handling procedure.
